4th November 2026

Dear Families,

We are pleased to let you know that children in 5B will be taking part in workshops delivered by Tender Education & Arts on 17th and 18th November. Tender is an organisation that works with schools to help children develop positive, healthy attitudes towards friendships and relationships through engaging, age-appropriate activities, drama and discussion.

During the sessions, pupils will explore:

- What makes a friendship healthy or unhealthy
- How to recognise early warning signs of unhealthy friendships
- The importance of equality, respect and personal boundaries
- Strategies for managing emotions and resolving conflict
- How to seek support for themselves and others
- Ways to build confidence and empathy

The workshops will be delivered by experienced and trained facilitators from Tender Education & Arts and are designed to be engaging, interactive and appropriate for the age and needs of the children.

These sessions form part of our wider personal development and wellbeing curriculum and will support children in developing the knowledge and skills needed to build positive, respectful relationships.

If you have any questions regarding the workshops, please do not hesitate to contact the school.

Jo Jaloszynski
