Subject: Information Sharing for Holiday Activities and Food (HAF) Programme

Dear Parent/Carer,

We are writing to inform you of a change to the way information is shared with the Holiday Activities and Food (HAF) programme.

To ensure that HAF activities and services continue to be available to children who are eligible, Extend Learning Academies Network (ELAN) will now provide HAF with the details of children who are in receipt of targeted free school meals. The information shared will be limited to:

- Child's full name
- Child's date of birth
- Free school meals eligibility

Previously, this information was shared with HAF by North Somerset Council (NSC). However, due to changes in the application process for free school meals, this information will now be provided directly by ELAN.

This data sharing is covered within our existing privacy notices and is being undertaken to support the administration and delivery of the HAF programme for eligible children. The purpose of this change is solely to ensure that eligible children continue to have access to HAF activities and associated support.

If you do not wish for us to share your child's information with HAF for this purpose, please let us know by Friday 9 October by contacting contact details.

If we do not hear from you by this date, we will assume that you are happy for this information to be shared.

Thank you for your continued support.

Kind regards,
